ClinicMax's Customizable EHR Receives ONC-ATCB 2011/2012 Certification

December 31, 2011 – ClinicMax, Inc. announced today that ClinicMax Version 12 is 2011/2012 compliant and was certified as a Complete EHR on December 31, 2011 by the Certification Commission for Health Information Technology (CCHIT®), an ONC-ATCB, in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. The 2011/2012 criteria support the Stage 1 meaningful use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

The ONC-ATCB 2011/2012 certification program tests and certifies that Complete EHRs meet all of the 2011/2012 criteria and EHR Modules meet one or more – but not all – of the criteria approved by the Secretary of Health and Human Services (HHS) for either eligible provider or hospital technology.

“CCHIT is pleased to be testing and certifying products so that companies are now able to offer these products to providers who wish to purchase and implement certified EHR technology and achieve meaningful use in time for the 2011-2012 incentives,” said Karen M. Bell, M.D., M.S.S., Chair, CCHIT.

ClinicMax Version 12's certification number is CC-1112-100048-1. ONC-ATCB 2011/2012 certification conferred by CCHIT does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.

ClinicMax v12, meets the Complete EHR certification criteria as an integrated bundle of EHR modular products.

The clinical quality measures to which ClinicMax v12 has been certified include:

- NQF 0013 Hypertension: Blood Pressure Measurement
- NQF 0024 Youth Weight Assessment
- NQF 0028 Preventative Care: Tobacco Use Assessment and Cessation
- NQF 0031 Breast Cancer Screening
- NQF 0034 Colorectal Cancer Screening
- NQF 0038 Childhood Immunization Status
- NQF 0041 Influenza Immunization
- NQF 0387 Breast Cancer: Hormonal Therapy
- NQF 0421 Adult Weight Screening
- NQF 0575 Diabetes Control: Hemoglobin A1C<8.0%
